

Teaching High Potential Kids in Today's Classroom - Elementary

Wednesday: June 18, 2014
8:00 AM - 3:30 PM

Kent Innovation High
1655 East Beltline, N.E. / Grand Rapids, MI 49503
[Parking Lot #2 MAP](#)

Many of you have been asking about how to challenge the advanced learners which you seem to be seeing more frequently in your elementary classrooms. Dr. Brulles (pronounced Brew-yes) will share practical, classroom-tested strategies and step-by-step instructions for how to use them in your diverse classroom to improve achievement for all students. Dr. Brulles co-authored with Susan Winebrenner the updating of Susan Winebrenner's classic and perennial bestselling teacher's guide to meeting the needs of gifted learners in regular classrooms. The 2012 edition provides information on using technology for accelerated learning, managing cluster grouping, increasing curriculum rigor, improving assessments, boosting critical and creative thinking skills, and supporting gifted kids with special needs, including ELL. It has been welcomed by teachers everywhere! Digital content includes a PowerPoint, customizable reproducible forms from the book, additional extension menus for students in the primary and upper elementary grades, and a special supplement for parents of gifted children.

Copy of Teaching Gifted Kids in Today's Classrooms (2012) included with registration.

Presenter: Dina Brulles, Ph.D. is Director of Gifted Education Services in the Paradise Valley Unified School District in Arizona as well as Coordinator of Gifted Programs, Director of the Herberger Academy Outreach Programs, and teaching a wide variety of courses, such as Special Populations in Gifted Education, The Twice Exceptional Gifted Learner, and Teaching Gifted Students in the Regular Classroom at Arizona State University. She is the author of many articles (peer reviewed and peer refereed research) that have appeared in diverse journals, including Ed Leadership, Gifted Education Quarterly, and Educational Technology Publications, and co-author with Susan Winebrenner of The Cluster Grouping Handbook: How to Challenge Gifted Students and Improve Achievement for All (2008) and Teaching Gifted Kids in Today's Classrooms (2012). Dr. Brulles is also a frequent presenter at conferences across the country and is thrilled to be presenting in Grand Rapids, her home town.
